in mozambique and guinea the portuguese colonial administration had to deal with muslim communities of significant population expression and whose internal cultural differentiations presented a complexity to which the administrative power was often unprepared the exercise of this governance with all the variations that characterized it extended throughout the period that the colonial project lasted from the phase of effective military occupation in the transition from the nineteenth to the twentieth century until the end of the colonial wars in 1974 in this chronological segment portuguese colonialism and islam seeks to address the circumstances of the colonial governance and regulation of those populations focusing on 1 the representations and images of islam and muslims that the agents of portuguese colonialism produced at

significant stages of the period the recurrence of this imagery its evolution and the way it interacted with the concrete policies of control and governance of the populations 2 the changes that such policies underwent oscillating between a posture of ambivalent hostility more visible in the 1930s to 1950s and more present in mozambique than in guinea and a strategy of rapprochement with the islamic leadership and their religious enticement a strategy developed in the final phase of the colonial war as part of the fight against nationalist movements 3 the critical eye with which representatives of former colonial powers followed the portuguese policies of governance of islam expressed in the testimonies of consuls general of france and the united kingdom and documents conveying how diplomatic bodies perceived the portuguese colonial system

this book provides an historical critical analysis of the doctrine of civilising mission in portuguese colonialism in the crucial period from 1870 to 1930 exploring international contexts and transnational connections this civilising mission is analysed and assessed by examining the employment and distribution of african manpower

monograph comprising a compilation of articles and studies on the foreign policies and role of european countries in africa with particular reference to the role of portugal and recent developments in the strategies of colonialism includes a bibliography pp 191 to 199 a directory of liberation movements maps and statistical tables

this book provides an historical critical analysis of the doctrine of civilising mission in portuguese colonialism in the crucial period from 1870 to 1930 exploring international contexts and transnational connections this civilising mission is analysed and assessed by examining the employment and distribution of african manpower

the book is the first comprehensive study of race relations in angola it covers the entire five century long relationship between the peoples of angola and portugal portuguese imperial thinkers asserted that they were unique among european colonizers in their ability to establish and maintain egalitarian and non discriminatory relationships with tropical peoples this concept was elevated to a philosophical plateau and given the name lusotropicalism propagated with fervor by portuguese colonial thinkers lusotropical doctrines were widely accepted as being valid by twentieth century diplomats and political thinkers in both europe and the united states many of whom believed that portuguese colonialism in africa would continue indefinitely the evidence presented in this work indicates that portuguese rule in angola was deeply racist this conclusion is based on a considerable body of data gleaned from archival sources personal collections and systematic interviewing of racially diverse angolans and portuguese functionaries in the colonial administration and the private sector special emphasis is placed on devices that the portuguese used to delude themselves and others about the realities of their attitudes and behavior as ruling elites the study concludes with an assessment of the impact of lusotropical myths on independent angola

the four essays in this book examine aspects of portugal s first overseas empire the maritime and commercial empire that was founded in the fifteenth century and which during the sixteenth century extended from brazil to china

this interdisciplinary study examines the food history of colonial goa between 1900 and 1961 foregrounding the centrality of food in the region s sociocultural

economic and political life drawing on archival materials periodicals in konkani portuguese and english oral history folklore and literary sources the book brings together perspectives from anthropology history and literary studies to analyse how food scarcity and abundance shaped everyday experiences and power structures focusing on the staple crop of rice the work explores its symbolic and material significance in goan society particularly through a close reading of *o signo da ira* by orlando da costa the study reveals how rice shortages empowered elite landlords entrenched social hierarchies and intensified the exploitation of *mundkars* tenant labourers and small cultivators by *gaunkars* village elites and the *comunidade* agrarian institution it critiques the collusion between landlords and the colonial government in manipulating rice prices and maintaining systemic inequities through taxation and landholding practices by recovering the voices and struggles of the subaltern classes this book offers a nuanced and critical history of food in goa during the late colonial period it addresses a significant gap in goan historiography highlighting food as a vital lens through which to understand colonialism's enduring impact on everyday life

a landmark study in colonial history *portugal in africa* explores the pivotal role of portugal's empire on the african continent james duffy offers a sweeping incisive analysis of the political economic and cultural legacy of portuguese colonialism from the 15th century to the 20th focusing particularly on angola mozambique and guinea bissau with meticulous research and an unflinching eye duffy examines how portugal's colonial strategies evolved under the *estado novo* regime and how these policies shaped both african societies and portuguese national identity this book delves into slavery missionary influence and resistance movements all while placing portugal's imperial experience in comparative context with other european powers duffy's study not only chronicles the colonial machinery but also centers the voices of the colonized making it an essential work for those interested in postcolonial studies african nationalism and european imperial dynamics written in lucid accessible prose *portugal in africa* remains a foundational work for understanding the enduring consequences of empire

decolonization represented the end of colonial rule but did not eradicate imperial and colonial categories and mythologies situated in the wider context of european colonial legacies this book looks at the legacies of the portuguese empire in today's portugal using an interdisciplinary agenda with contributions from experts in the fields of history anthropology literature and sociology the several case studies included in the volume look at a wide range of colonial legacies these include a set of commemorative practices that feed on imperial mythologies old colonial and racial classifications that condition citizenship rights and post imperial modes of culture consumption legacies of the portuguese colonial empire is the first book written so far in english on this topic enabling the portuguese case to enter into a broader dialogue with other national experiences relating to the legacies of colonialism and empire in today's europe

the portuguese colonial empire established its base in africa in the fifteenth century and would not be dissolved until 1975 this book investigates how the different populations under portuguese rule were represented within the context of the colonial empire by examining the relationship between these representations and the meanings attached to the notion of race colour for example an apparently objective criterion of classification became a synonym or near synonym for race a more abstract notion for which attempts were made to establish scientific credibility through her analysis of government documents

colonial propaganda materials and interviews the author employs an anthropological perspective to examine how the existence of racist theories originating in the eighteenth and nineteenth centuries went on to inform the policy of the estado novo second republic 1933 1974 and the production of academic literature on race in portugal this study provides insight into the relationship between the racist formulations disseminated in portugal and the racist theories produced from the eighteenth century onward in europe and beyond
